Typescript • Bootstrap • Git (Version control) • CSS3 • Javascript • HTML5 • API's • React • REST Principal • Project Management

EDUCATION

Western Governors University | B.S. Software Engineering | Atlanta, GA | Expected Graduation date – May 2028
PerScholas | Immersive Full Stack Java MERN Development | Atlanta, GA | February 2026

PROFESSIONAL EXPERIENCE

Technology Instructor | THRIVE Christian Academy | January 2022 – June 2025

- Facilitated hands on experiments and projects that allow students to learn coding.
- Worked directly with colleagues in the development, implementation, and evaluation of technology initiatives and curriculum.
- Supported the implementation of grade and age level appropriate applications of educational technology in the classroom to support, enhance and increase student learning.
- Assisted in providing ongoing professional development for teachers to support the use of technology for classroom instruction, at differentiated levels, to meet all students' needs.

IT Support Specialist | Bethesda Christian Academy - Lawrenceville, GA | January 2019 – December 2021

- Installed and configured Windows workstations, laptops, desktops and printers for end users.
- Provided technical support to users, resolving hardware and software issues using Microsoft Defender and Splunk for security event monitoring.
- Performed data migration, email configuration and network mapping while ensuring data security with Carbon Black Cloud.
- Performed daily and weekly preventative maintenance, including virus scans, checking and cleaning of workstations, printers, network equipment and other peripherals.
- Conducted security audits and implemented security measures using Cloudflare and Akamai WAF Solutions to protect against cyber threats.
